Friday 10th February, 2012

To our Valued Customers,

ACFS Port Logistics proudly announces the launch of our new Transport & Freight Management System, Maximas. Our new system has been successfully operating in our QLD operation since the 12th September 2011 and we look forward to its introduction into our Melbourne Operation on Wednesday 15th February, 2012.

As part of our ongoing initiatives and focus to improve services to our valued customers, ACFS Port Logistics has also introduced a new customer service division to assist with your business requirements.

As of Wednesday 15th February, 2012. Please send all shipping documentation, Pre-advices, delivery details including FAK (PDF) Master Manifests and XML manifests directly to our customer service and Import Team email addresses for processing at:

customerservice@vic.auscfs.com & melimport@vic.auscfs.com

We would also like to take this opportunity to advise our valued clients that ACFS has a minimum requirement that 'Pre-advice' information is submitted with a minimum of 72 hours prior to vessel availability. This will also enable our Transport Division to book terminal time-slots and stack runs. EDO's (shipping line delivery orders) will be required to be submitted 24 hrs prior to vessel ETA (availability at wharf) 'prior to 2 pm'

Please note e-mail for standard services remains as the following:

AQIS Services & Bookings melaqis@vic.auscfs.com

The ACFS Gateway provides customers with extensive reporting to track shipment and container movement status. Our system also offers benefits to view and print transactional data including Consignment notes POD's. Our new on-line gateway will also enable you to proceed with on-line job bookings.

ACFS Port Logistics Gateway and general website FAK shipment availabilities will be available through :

www.auscfs.com

To obtain your user name and password, please email us on customerservice@vic.auscfs.com
Or contact Astrid Brew 03 9329 8935.

On behalf of Australian Container Freight Services we would like to take this opportunity to thank you for your continued support, we look forward to working with you in the future.

Regards,

ACFS Melbourne Team
