Wednesday, 20th June, 2012

To our Valued Customers,

ACFS Port Logistics proudly announces the launch of our new Transport & Freight Management System, Maximas. Our new system has been successfully implemented in our ACFS Port Logistics QLD operation since the 12th September 2011 and the ACFS Port Logistics Melbourne operation since 15th February, 2012.

We look forward to its introduction to our **ACFS Port Logistics NSW operation** on **Monday 2nd July, 2012.**

As part of our ongoing initiatives and focus to improve services to our valued customers, ACFS Port Logistics has also introduced a new customer service division to assist with your business requirements.

As of Monday 2nd July, 2012 we require all shipping documentation, Pre-advices, delivery instructions including FAK (PDF) Master Manifests and XML manifests to be forwarded to our customer service and Import Team email addresses for processing at:

Transport Bookings & Customer Service	sydtransbookings@auscfs.com
FAK Import Bookings & Customer Service	sydimp@auscfs.com
FCL Import (unpacks) Bookings	sydfclimp@auscfs.com
FAK / FCL Export Bookings & Customer Service	sydexp@auscfs.com
AQIS Service Bookings	aqisyd@auscfs.com
LCL Transport Operations	sydlcltrans@auscfs.com

We would also like to take this opportunity to advise our valued clients that ACFS has a minimum requirement that 'Pre-advice' information is submitted with a minimum of 72 hours prior to vessel availability. This will enable our Transport Division to book terminal time-slots. EDO's (shipping line delivery orders) will be required to be submitted 24 hrs prior to vessel ETA (availability at wharf) 'prior to 2 pm'

The ACFS Gateway provides customers with extensive reporting to track shipment and container movement status. Our system also offers benefits to view and print transactional data including Consignment Notes (POD's). Our new on-line gateway will also enable you to proceed with on-line job bookings.

ACFS Port Logistics Gateway and general website FAK shipment availabilities will be available through :

www.auscfs.com

To obtain your user name and password, please email David Paul on sydtransadmin@auscfs.com

On behalf of Australian Container Freight Services we would like to take this opportunity to thank you for your continued support, we look forward to working with you in the future.

Regards,
ACFS Port Logistics Sydney Team
